ALL IRELAND PLACED UNDER MARTIAL LAW

FIGHTING IN STREETS OF DUBLIN

INSURRECTION GAINS STRENGTH

(By Associated Press.)

LONDON, Apr. 27.—The troops in Ireland are being reinforced, Lord Asquith said the government was satisfied the forces were adequate to deal with the situation.

When asked whether the government was warned of the dangerous growth of sedition, Lord Asquith said: "The first duty of the government is to restore order and stamp out the rebellion. That is what we are doing."

The proclamation of martial law in Ireland may indicate an extension of the disturbances, the details being withheld by British censorship. The cables yesterday gave the impression that the situation was well in hand.

(By Associated Press.)

LONDON, Apr. 27.—Martial law has been declared throughout Ireland. Fighting is still going on in the streets of Dublin, Lord Asquith announced in the House of Commons. The rebels continue to hold important buildings in Dublin. He said the Irish situation still presented serious features and indications favor a spread of the movement to other parts of Ireland, especially the west.

The premier said General Sir John Maxwell, formerly commander of the British forces in Egypt is leaving this afternoon for Ireland. General Maxwell is given plenary powers, under martial law, over the whole country.

Lord Asquith promised an investigation into the cause and responsibility for the outbreak, and said it was obviously necessary to exercise strict censorship while martial law prevailed.

Sir Edward Carson and John Redmond, leaders in the Irish home rule controversy, expressed their abhorrence of the uprising and their desire to support the government.

(By Associated Press.)

DROGHEDA, Ireland, April, 27.—Disturbances in Dublin are being quelled effectually and only in isolated places is there disorder. All is quiet here and in the surrounding districts.

STATUS OF ARMED FREIGHTERS DEFINED

PRESIDENT WILSON SAYS VESSEL SHOULD BE JUDGED FROM TWO STANDARDS

(By Associated Press.)

WASHINGTON, Apr. 27.—A statement defining the attitude of the United States toward armed merchant ships was made public today by the state department by direction of President Wilson. It originally was prepared as a circular note to other powers, but it later was decided to issue it as a statement.

The statement holds to the right of a merchant ship to arm for protection only, but declares that "merchantmen which have used their armaments for aggressive purposes are not entitled to the same hospitality in neutral ports as peaceful armed merchantmen."

"The status of an armed merchant vessel of a belligerent," says the statement, "is to be considered from the point of view of a neutral, when the vessels enters its ports, and from that of an enemy when the vessel is on the high seas."

FIRE DESTROYS EXPRESS OFFICE AT MILLERS STATION

COERCION ALLEGED AGAINST A SENATOR

WISCONSIN SENATOR DECLARES THERE IS A WELL ORGANIZED MOVEMENT

(By Associated Press.)

WASHINGTON, Apr. 27.—Senator Husting told the senate an American embargo conference conducted a campaign in Wisconsin to induce him to support an embargo resolution against the shipment of war munitions to Europe. He submitted 1000 letters from Wisconsin, which he said all emanated from the Chicago headquarters of this organization.

JUSTICE SUSTAINED BY DISTRICT COURT

DISTRICT COURT SUSTAINS ACTION OF THE TONOPAH JUSTICE COURT

Judge Averill handed down a decision yesterday sustaining the judgment of Justice Dunsen in the case of Bailey vs. Lawson carried to his court on a writ of certiorari. It was contended that the filing was defective, that the complaint was not endorsed by the justice as required by law, that no affidavit of publication was issued and that the man who served the summons in Tuolumne county was not of legal age. Judge Averill, in discussing these objections stated that the endorsement of the justice was not essential. The affidavit of publication is also held sufficient as the only omission to the date of the month did not alter the case. The omission of the signature of the justice from the complaint was held to be a serious matter but the first order of publication covered the same ground because is completed the service both by the publication and by mailing a copy to the last known address of defendant. After considering all alleged irregularities the court, that, since Lawson got the notice, he should have observed it.

Having disposed of the contentions actually made by the petitioner unfavorably to him, the court refuses to quash or set aside the justice court proceedings.

P. J. MOONEY returned from Carson City this morning.

PROFIT TAKING ON RESCUE RUNS COURSE

RESCUE COMES BACK WITH ALL THE BUOYANCY OF A LIVELY BALLOON

The depreciation of Rescue yesterday caused by heavy profit taking appeared to have worked off its force this morning for the market opened brisk with a heavy demand that sent the price back to the former quotation of 50 cents. It is understood that the heavy selling was not inaugurated by an organized short effort and that the only reason for the slump of the previous day was the heavy line of legitimate selling through one of our prominent brokers from customers who had been carrying Rescue from away down the list and were waiting for the realization of an even fifty cents.

STOLEN JEWELRY PARTLY IDENTIFIED

PART OF THE PLUNDER FOUND ON ALLEGED BURGLAR IS IDENTIFIED BY MINERS

Following the arrest of Marco Fort by Tonopah officers word was received from both Goldfield and Las Vegas identifying several articles found in possession of the prisoner. Among these were a watch and chain and Elks' charm belonging to Jim Beaton working for the Clermont and a fountain pen belonging to R. Cooley employed at the same shaft of the Goldfield Consolidated. The prisoner is supposed to have made a specialty of raiding change rooms and would have done the same thing at the Butler in Tonopah had it not been for the vigilance of engineer Nisbet. A chain and bracelet is claimed by Sheriff Gay, of Clark county, as part of the plunder taken from a store at Goodsprings where a safe was blown open last month.

The prisoner will not be arraigned until the officers complete their case. They are now looking for a confederate who was with the prisoner when he left the southern country.

DOWN TOWN FIRE ON LOWER MAIN

PROMPT ACTION SAVES A BUILDING FROM TOTAL DESTRUCTION LAST EVENING

At four o'clock yesterday afternoon an alarm of fire called the department to the store of Stock & Barnes at the corner of Corona ave. and Main street. The call was sent in by John Connors of the Bonanza force who saw a spiral of smoke curling from the center of the roof. At the same time he told a passerby to run over and notify the owners that their building was on fire. In a few moments the entire rear on Oddie avenue was ablaze and the situation looked serious. The fire department, with a good water pressure succeeded in restricting the flames to the back section which was completely gutted. The roof also suffered considerably. Damage to the front was comparatively light and chiefly by water and smoke. Defective wiring is supposed to have been the cause as the building is one of the old time construction before proper insulation was adopted. The origin was between the roof and the balloon ceiling where it was difficult to reach.

Mr. Stock suffered the principal loss as the fire had possession of his sleeping room which held all his personal effects. The first intimation the partners had of the fire was when a man rushed in the front door and apprised them of the situation. Both partners had just finished filling orders and were sitting in front enjoying a brief respite. Mr. Stock, a short time before, had changed to his "digging clothes" leaving a new spring suit in his room.

Loss to the building is estimated at \$1,000 and to stock at the same figure. There is no insurance on the building and the firm carried only \$1,000 on stock.

MRS. JOE WHITE after a few days visit with her parents in Goldfield returned to Tonopah yesterday afternoon.
